

The form below should be returned to the school office if you plan to volunteer as a **Field Trip Driver** this school year. Your prompt cooperation in this matter is appreciated, for preventive measures can alleviate specific concerns regarding your child riding in another family's car.

To assure the safety of our young passengers, drivers are reminded of the following:

- A working seat belt must be used for each child.
- Passenger behavior must be supportive of the driver's complete ability to control the car.
- Students who willfully disrupt the driver will not be invited on the next field trip. Parents will be contacted regarding any such decision.
- **No** child will ride in the front seat of an automobile that is equipped with a passenger side airbag.
- **Washington state seat belt restraint laws must be followed by any driver transporting children. This includes using booster seats as required.**
